PROFESSIONAL SUMMARY

Data Analyst with hands-on experience across the full analytics lifecycle, including **SQL querying, Python-based data analysis, ETL, data transformation, and dashboard development**. Skilled in translating **large and complex datasets (50,000+ records)** into actionable business insights through trend analysis, KPI reporting, statistical analysis, and data visualization. Demonstrated measurable impact by reducing manual reporting effort by **30%** and contributing to a **17% improvement in engagement** through data-driven analysis and experimentation.

TECHNICAL SKILLS

Data Analysis: SQL, Python, Pandas, NumPy, Exploratory Data Analysis (EDA), Data Cleaning, Data Wrangling, Data Validation, Statistical Analysis, A/B Testing

Business Intelligence: Power BI, Tableau, Looker Studio, DAX, Power Query, Dashboard Development, KPI Development, Data Visualization, Data Storytelling

Databases & Data Engineering: MySQL, PostgreSQL, BigQuery, ETL, Data Transformation, Data Modeling, Relational Databases, Data Quality, Query Optimization

Business & Reporting: Requirements Gathering, Stakeholder Communication, Root Cause Analysis, Business Insights, Process Improvement, Ad Hoc Analysis

Tools: Excel (Pivot Tables, VLOOKUP, XLOOKUP), Google Sheets, GitHub, Version Control

PROFESSIONAL EXPERIENCE

Data Analyst Intern — Analytics Benchmark Trainings, Hyderabad

Jul 2025 – Jan 2026

- Analyzed 50,000+ banking records using SQL and Python to identify trends, validate data, and generate actionable business insights.
- Built 10+ Power BI dashboards using DAX, Power Query, data modeling, KPI development, and interactive visualizations for business reporting.
- Automated reporting workflows and data transformation processes, reducing manual reporting effort by 30%.
- Performed ETL, data cleaning, data validation, exploratory data analysis, and statistical analysis across multiple banking datasets.
- Conducted A/B testing initiatives and analyzed performance metrics, contributing to a 17% improvement in engagement.

Customer Operations & Technical Support — Foundever, IntouchCX, Conneqt

Aug 2021 – Jul 2025

Foundever (Technical Support) | IntouchCX (Email & Chat Support) | Conneqt (Customer Support)

PROJECTS

Loan Performance Analytics Dashboard | Power BI • SQL • DAX • Excel | [loan-analysis-dashboard](#)

- Designed an interactive Power BI dashboard to monitor loan disbursement, recovery performance, default rates, branch performance, and key business KPIs using dynamic visualizations and drill-through analysis.
- Identified a critical **53% recovery gap** and found that the **Online channel contributed 36% of successful recoveries**, generating actionable insights and data-driven business recommendations.
- Developed DAX measures, Power Query transformations, and automated reporting workflows to improve KPI tracking and support management decision-making.

Retail Sales Analytics Dashboard — Power BI • SQL • Excel

- Built an end-to-end interactive sales analytics dashboard to analyze revenue, profit, customer segments, regional performance, product performance, and monthly sales trends.
- Performed data cleaning, SQL analysis, data transformation, and data modeling to improve reporting accuracy and uncover sales trends and opportunities.
- Developed KPI cards, interactive filters, trend analysis, and drill-down reports to support business performance monitoring and data-driven decision-making.
